EXPERIENCE

Mudbay - Staff
June 2021 - Present
Providing customer service to pet owners regarding the health and happiness of their pet by recommending a wholistic approach to pet care. Working with a team to solve various problems and meet the needs of customers.

Office Depot Print Department – Solutions Advisor
Oct 2020 - Jan 2021
Worked with customers to format and print various types of documents for print on both large and small format in addition to completing various after print add ons, such as; binding, laminating, and mounting.

QM2 Solutions – Technical Support
Aug 2018
Installed a tablet network system so that patients in a clinic setting could use a digital interface for signing in and answering questions.

CAD Lab Manager – Engineering Lab
Sep 2018–Jan 2019
Managed a Rapid Prototype Lab where I would help students who came to work on their projects with problem solving, locating Lab materials and anything else they might need.
